Subject: Ensuring Watch and Ward of EMRS post-completion/inauguration-reg.

Sir,

It has come to our attention that certain EMRS, upon completion of construction or its inauguration, have been reported to be lying without any proper **watch and ward**. This lack of surveillance post-completion/inauguration has been viewed seriously at the highest levels, as it poses risks to the security of the EMRS. In this regard, it is essential that appropriate measures be taken to ensure the safety of the site until it is officially handed over to the concerned authorities.

It is to emphasize that the **watch and ward of the EMRS allotted for construction is solely your responsibility until the date of handover to the concerned authorities**. During this period, your organization shall be held accountable for ensuring that no damage is caused to the EMRS.

We trust that your organisation will ensure that adequate measures are taken to safeguard the premises and prevent any untoward incidents post-completion/inauguration of EMRS until the date of handover to the concerned authorities.

Yours faithfully,

(R.P. Joshi),
19/12/24

Executive Engineer
