F. No. NESTS/EMRS/Sickle Cell/591/2023-24

Dated: 14th June, 2024

The Nodal Officers,
State/UTs EMRS Society,
(Andhra Pradesh, Gujarat, Jharkhand,
Madhya Pradesh, Maharashtra and Odisha)

Sub: Observing World Sickle Cell Disease Awareness Day on 19th June, 2024 in EMRSs- reg.

As you are aware that the sickle cell gene is prevalent among many tribal population groups in India, leading to a weakened immune system and medical complications at a later stage. This genetic disorder significantly impacts a considerable portion of the ST community in India.

2. To effectively prevent and manage Sickle Cell Disease, it has been decided that screening tests shall be conducted in 50 EMRSs across five states on 19th June, 2024 (as listed in **Annexure-I**), to mark World Sickle Cell Disease Awareness Day. This initiative would not only facilitate the early identification of sickle cell cases among these students but also ensure prompt medical intervention, if necessary. In this regard, it is necessary to consult your nearby health department/Indian Council of Medical Research (ICMR)/National Rural Health Mission (NRHM) for the screening test of the EMRS students.

3. The initiative will be launched by Hon'ble Prime Minister on 19th June 2024 in 50 schools. In view of this, you are requested to :

- (i) coordinate with Health Department/ICMR/NRHM for the screening test of the EMRS students on 19th June,
- (ii) prepare banners and posters to raise awareness of Sickle Cell Disease among tribal students.

4. You are also requested to ensure that a nodal teacher/hostel warden in each EMRS is to be designated to provide a conducive school environment for students who may be diagnosed with the disease. A list of nodal teachers is to be shared with NESTS latest by 17.06.2024

Looking forward to your support and coordination.
