**Dear Sir/ Madam,**

NESTS has recently formed a strategic partnership with PACE IIT & Medical, a renowned training institute for preparation of competitive exams such as IIT JEE and NEET. This collaboration aims to provide our tribal students with unprecedented access to high-quality educational resources and support, ensuring they are well-prepared for future academic challenges.

As part of this initiative, all tribal students who have transitioned to Grade XI will be given access to a cutting-edge gamified learning app called STEPapp. This innovative platform is designed to strengthen students' conceptual understanding in Mathematics and Science through engaging and interactive methods.

The benefits of this partnership are twofold:

1. **Conceptual Clarity through STEPapp:** By utilizing STEPapp, all students can enhance their understanding of core subjects in a fun and interactive manner, which is essential for their overall academic development.
2. **Online Preparation by PACE:** Based on their performance in STEPapp and their Grade X board results, students will have the opportunity to be selected for online preparation courses for IIT JEE and NEET provided by PACE.

PACE IIT & Medical brings to the table over 25 years of expertise and a legacy of success, with notable alumni such as Mr. Parag Agrawal, the former CEO of Twitter, and consistently excellent results. PACE firmly believes that financial constraints should not hinder deserving students from achieving their academic dreams.

This is an exceptional opportunity for our students to receive world-class coaching and to compete on a national level. We request you to encourage and motivate all eligible students to actively participate in this program. Your support is crucial in ensuring that every student takes full advantage of STEPapp, setting a solid foundation for their future endeavors. The instructions for accessing STEPapp has been provided in **Annexure I**.

**Encl:** As above.
