(As per list)

Subject: Status of School Soil Health Program in EMRSs and batch creation & students' registration on the SHC portal-reg.

Ref:- NESTS/Admin/Misc/50/2020-21, dated 04/04/2024.

Please refer to the ibid letter which was regarding registration of schools on Soil Health Portal "<https://soilhealth.dac.gov.in/admin/schoollogin>" for "School Soil Health Program" which was undertaken by DA&FW in collaboration with DSE&L, ICAR, and State Governments. This project has to be implemented in all functional EMRSs across the States for exposure of EMRS students. For this purpose, modules for students from class VI to XII and teachers were developed and disseminated.

Apropos to the above and on review of the current status of the progress of the implementation of the program, following is observed and its details are attached at concerned annexures:

- Two schools under State EMRS Society, Rajasthan have not registered on the Soil Health Portal (**Annexures- I**). After registration, the respective schools need to proceed with batch creation and then register their students accordingly.
- EMRSs enlisted at **Annexure - II** have registered on the Soil Health Portal but have not proceeded for the batch creation which include batch name, in-charge and other necessary details. After creating batches, these schools must register their students accordingly.
- Further many schools (**Annexure- III**), have registered, created batches but have not registered the students under each batch.

In this regard, it is requested to kindly direct the EMRS Principal under your state to refer all the annexures attached herewith and check the pending steps with reference to their school and complete the registration, create batch and add students, as per the pendency.

Kindly treat this matter as urgent and ensure 100% onboarding of students on the Soil Health portal.

Encl: As above.
