The National Education Society for Tribal Students (NESTS), has entered into a Memorandum of Understanding (MoU) with Avanti Fellows to provide coaching support for IIT-JEE and NEET exam preparation. The initiative aims to promote inclusive education and empower tribal youth across the country through targeted academic interventions.

This collaboration formalized today and is designed to offer comprehensive coaching for highly competitive national-level examinations like JEE Main/Advanced and NEET to students of Eklavya Model Residential Schools (EMRSs).

The MoU is a five-year agreement, effective from the academic year 2025–26. It represents a shared commitment to bridge the educational gap for tribal students and enhance their participation in competitive entrance exams.

The CoE center will be established at EMRS Bhopal (Madhya Pradesh), with a combined strength of 80 students, selected through a structured entrance examination. In the coming years, Centers of Excellence are planned to be established in various regions and states, in addition to the existing CoE at EMRS Bhopal.

The partnership with Avanti Fellows is a big step forward for tribal education. It aims to help EMRS students

discover their true potential. With the right guidance and support, they can dream big and prepare confidently for national exams like JEE and NEET. This effort will not only shape their future but also help build a stronger and more inclusive nation.

The National Education Society for Tribal Students (NESTS) is an autonomous organization under the Ministry of Tribal Affairs, committed to delivering quality education to tribal children through the network of Eklavya Model Residential Schools (EMRSs) across India.

Avanti Fellows, a public charitable trust registered under the Indian Trust Act, 1882 and having its office at A-2/73, Second Floor, Safdarjung Enclave, New Delhi 110029.
