

NESTS/H-3/04/Water&Elec.Supply/2025-26
Comp. No.:29652

Dated 28.08.2025

To,
Principal Secretary/Secretary,
Tribal Welfare Department,
(As per list attached)

Subject : Shifting of Electricity Connections of EMRSs from Rural to Urban Feeders - reg.

Sir/ Madam,

As you are aware that NESTS under Ministry of Tribal Affairs is establishing Eklavya Model Residential Schools (EMRSs) across the country with the aim to provide holistic learning environment to the tribal students in a residential setup.

However, instances of acute shortage/irregular electricity supply in EMRSs is often observed and reported by the Principals and State EMRS Societies. Additionally, it has been brought to notice that that electricity connections to EMRSs are linked through rural feeders, which results in interruptions in electricity supply.

In view of the above, it is requested that electricity connection to EMRSs be **shifted from rural to urban feeders** at the earliest so that regular electric supply can be ensured in all the EMRSs. Your kind intervention is highly solicited to provide a conducive study and residential environment to the students and staff.

Looking forward to your kind cooperation in the matter please.
